Introduction

Let's Understand Sharaf Group

About Sharaf Group

Sharaf Group is one of UAE's largest and most respected business conglomerates. It comprises of over 60 operating companies in more than 6 business sectors: Information Technology; Shipping; Retail; Real Estate; Financial services; Consumer Products; Travel and Tourism; and Construction. The Group was founded by two enterprising brothers, Ibrahim Sharaf and Sharaffudin Sharaf, of U.A.E origin during the last quarter of the 20th century.

Sharaf Group companies together employ over 9,500 people. Among the group's registered enterprises, names that standout are- Sharaf Shipping Agency, Sharaf Industries, Sharaf Travels, Sharaf Enterprises, Sharaf Group Retail Division, Sharaf Design and Information Dynamics — these have a wide presence in and around Gulf countries. The Group has experienced the sustained growth for years since its inception (1975) among other Arab business houses in the private sector. The Sharaf Group operates in more than 40 countries across the world.

The impeccable reputation that the Sharaf Group has built for Financial Integrity, Discipline, Reliability, Trustworthiness and Product Delivery is truly enviable. Reliable, responsible, goal-oriented and determined staff from across the globe adds to the success of the Business.

CORE COMPETENCIES

- Long term relationship.
- Developing Response Oriented management with quick decision making.
- Monitoring market developments and identifying opportunities for business.
- Employing the most dedicated and committed people to team up and deliver using information technology.
- Bringing the entire team of employees, principals, vendors, customers on the same platform.
- Delivering financial integrity and discipline at all times.

Egypt Culture

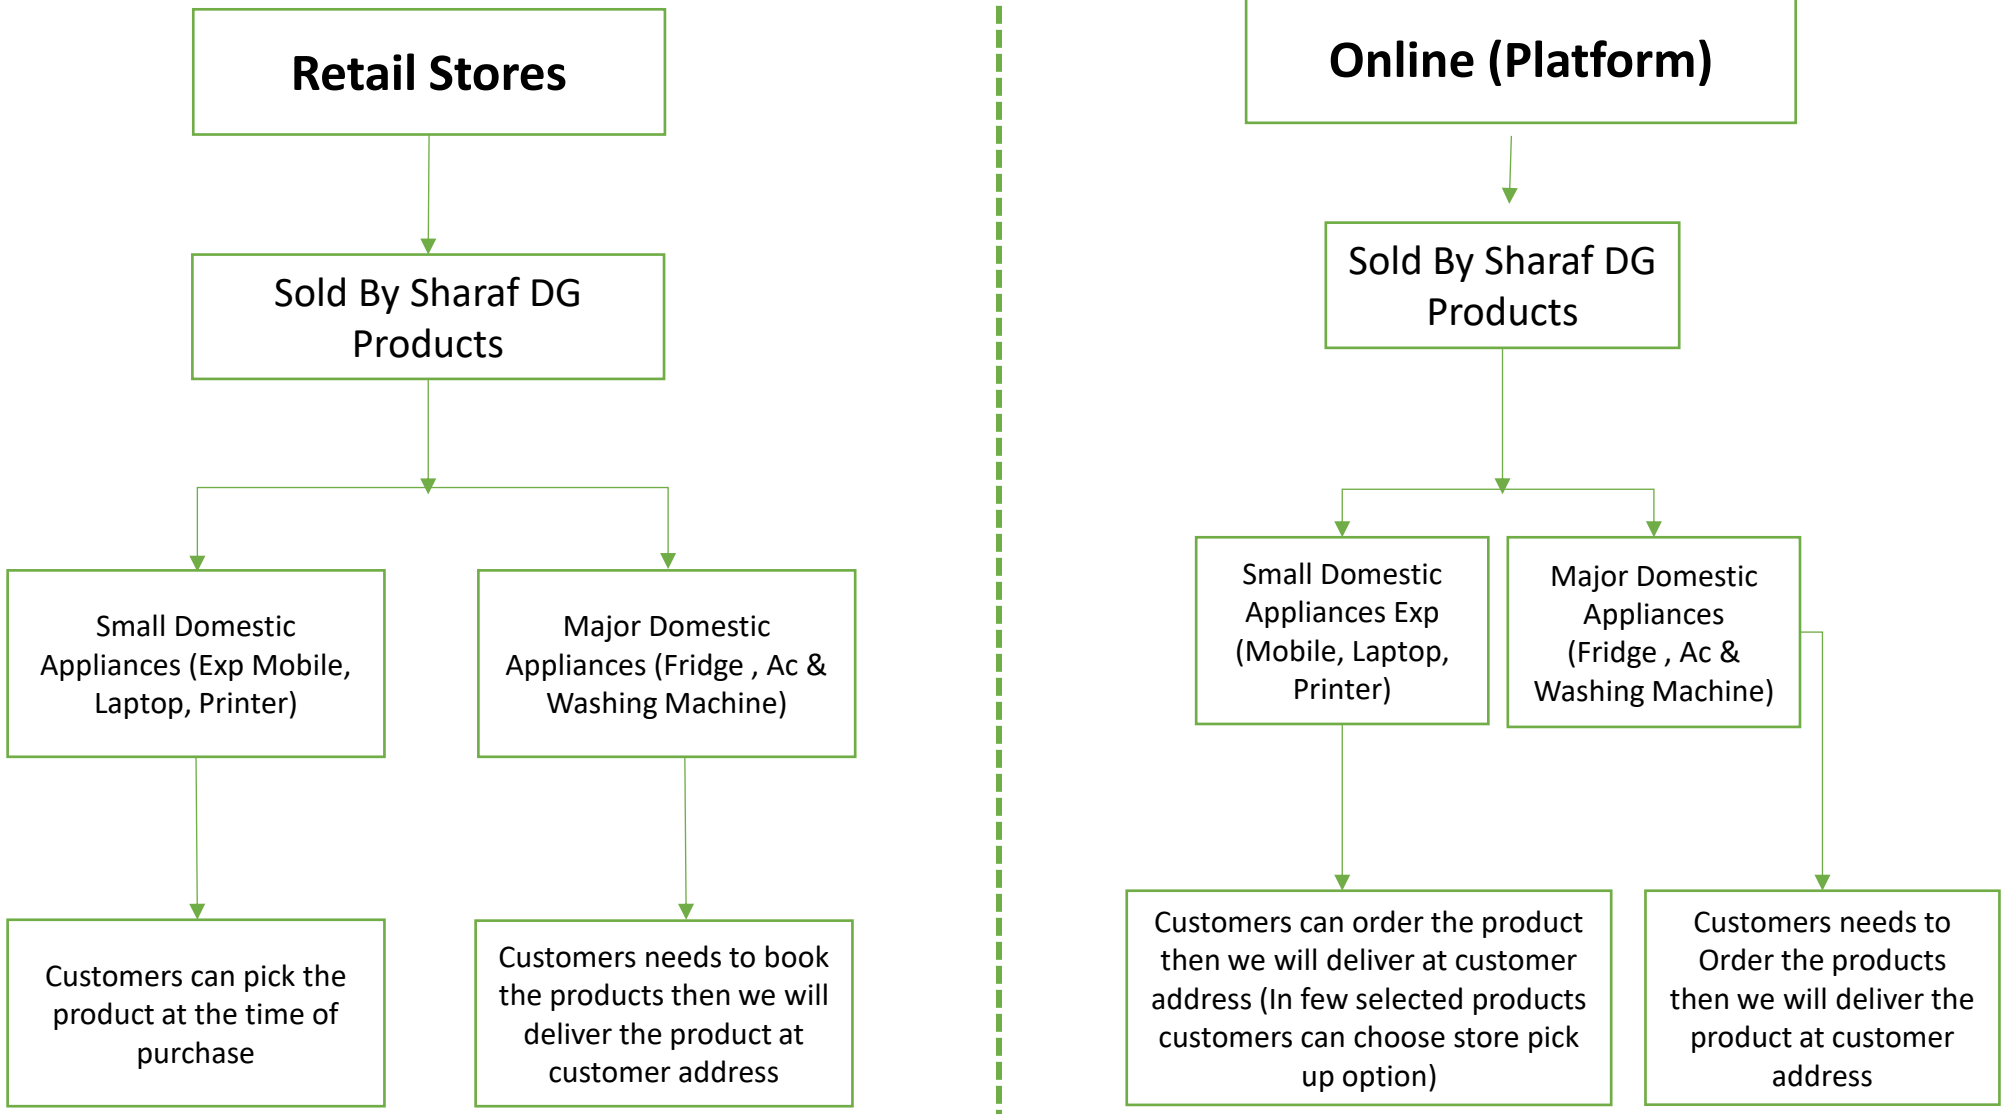

Pride and status is found in being helpful, generous and charitable to others. Everyone is also expected to be loyal to his family and 'a man of his word'. As Egypt is generally a collectivist society, the needs of one's family or community typically take precedence over one's personal needs or desires.

The many achievements of the ancient Egyptians include the quarrying, surveying, and construction techniques that supported the building of monumental pyramids, temples, and obelisks; a system of mathematics, a practical and effective system of medicine, irrigation systems, and agricultural production techniques, the
