Rapport Building & Personalization

Rapport – Defined as recognition of and willingness to communicate and share values with others

It is HOW you say it, rather than WHAT you say

Matching & Mirroring is the best way of establishing rapport

- Mannerism
- Tone of voice
- Keywords

are the other key elements of Rapport Building

Rapport Building & Personalization

Sharaf DG

Health, Weather, Views on events etc may not always be the strong points of building communication

Keep it Simple

Involve the caller in the conversation / communication where is possible event of Dead Air

- I am checking the accounts details for you right now….
- Let me find that transaction you are looking for….
- Since you want to know about the fees & charges, let me find that information for you….
- Is there any thing specific that you are looking for in the Debit card….
- Let me see, if your account is fully KYC compliant to find that information….

Rapport Building & Personalization

- Using the customers name
- Prefix & first name
- If the customer objects than we should acknowledge and address the caller as Sir/Ma’am

FCR

Tips to achieve 100% FCR

- ❑Listen to act
- ❑Focus on what *you can do*
- ❑Make notes throughout the conversation and capture as appropriate
- ❑Update customers on progress throughout the conversation
- ❑Do not send customers to another channel/internal department unless you have fully exhausted all options and you know it's the right thing to do
- ❑Only transfer somewhere else if we have understood the problem completely and know that it can't be resolved by you.
- ❑Don't end the conversation until you're sure that the customer tells you that he/she is satisfied with the solution provided.

7 Steps of the call flow

You ask Customer for additional help, and thank them for their time.

Solving the Customer's problem

Appropriate use of HOLD on call & handling Service NO positively.

- Do not ask personal information unless required (This is ZTP)

Sales

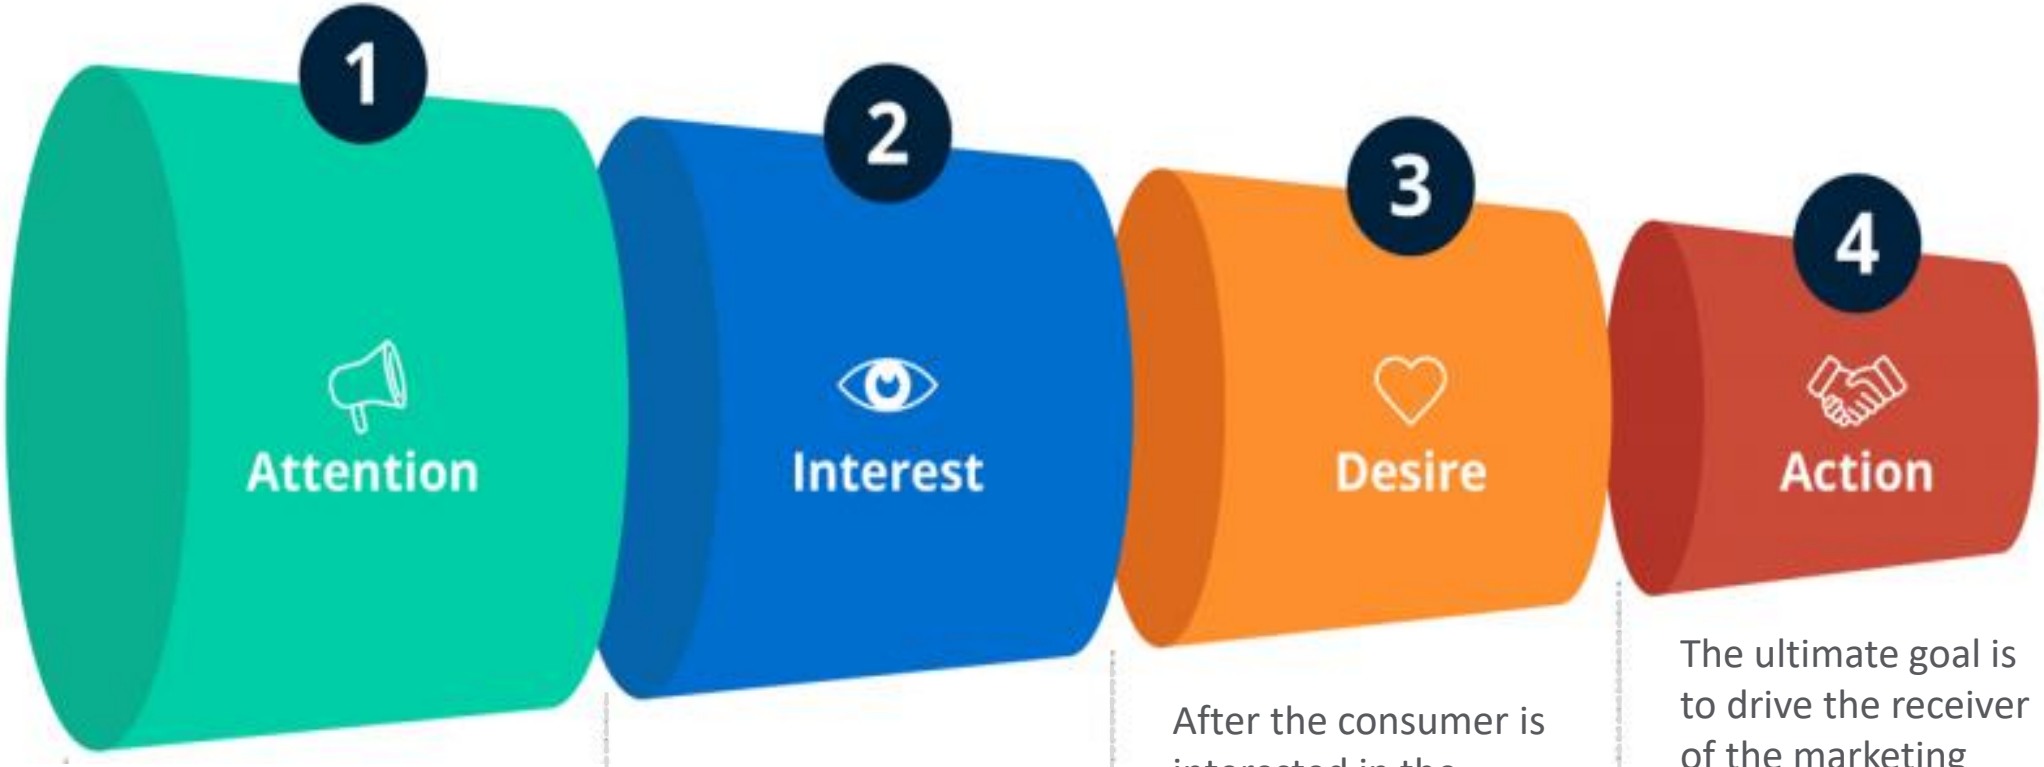

Selling Techniques

AIDA

The first step in marketing or advertising is to consider how to attract the attention of consumers.

Once the consumer is aware that the product or service exists, the business must work on increasing the potential customer's interest level.

After the consumer is interested in the product or service, then the goal is to make consumers desire it, moving their mindset from "I like it" to "I want it."

The ultimate goal is to drive the receiver of the marketing campaign to initiate action and purchase the product or service.

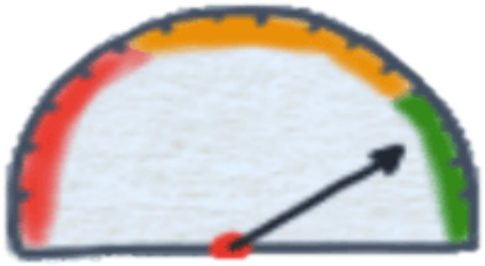

VAS

F
Feature

Describes some characteristic of a product or service.

A
Advantage

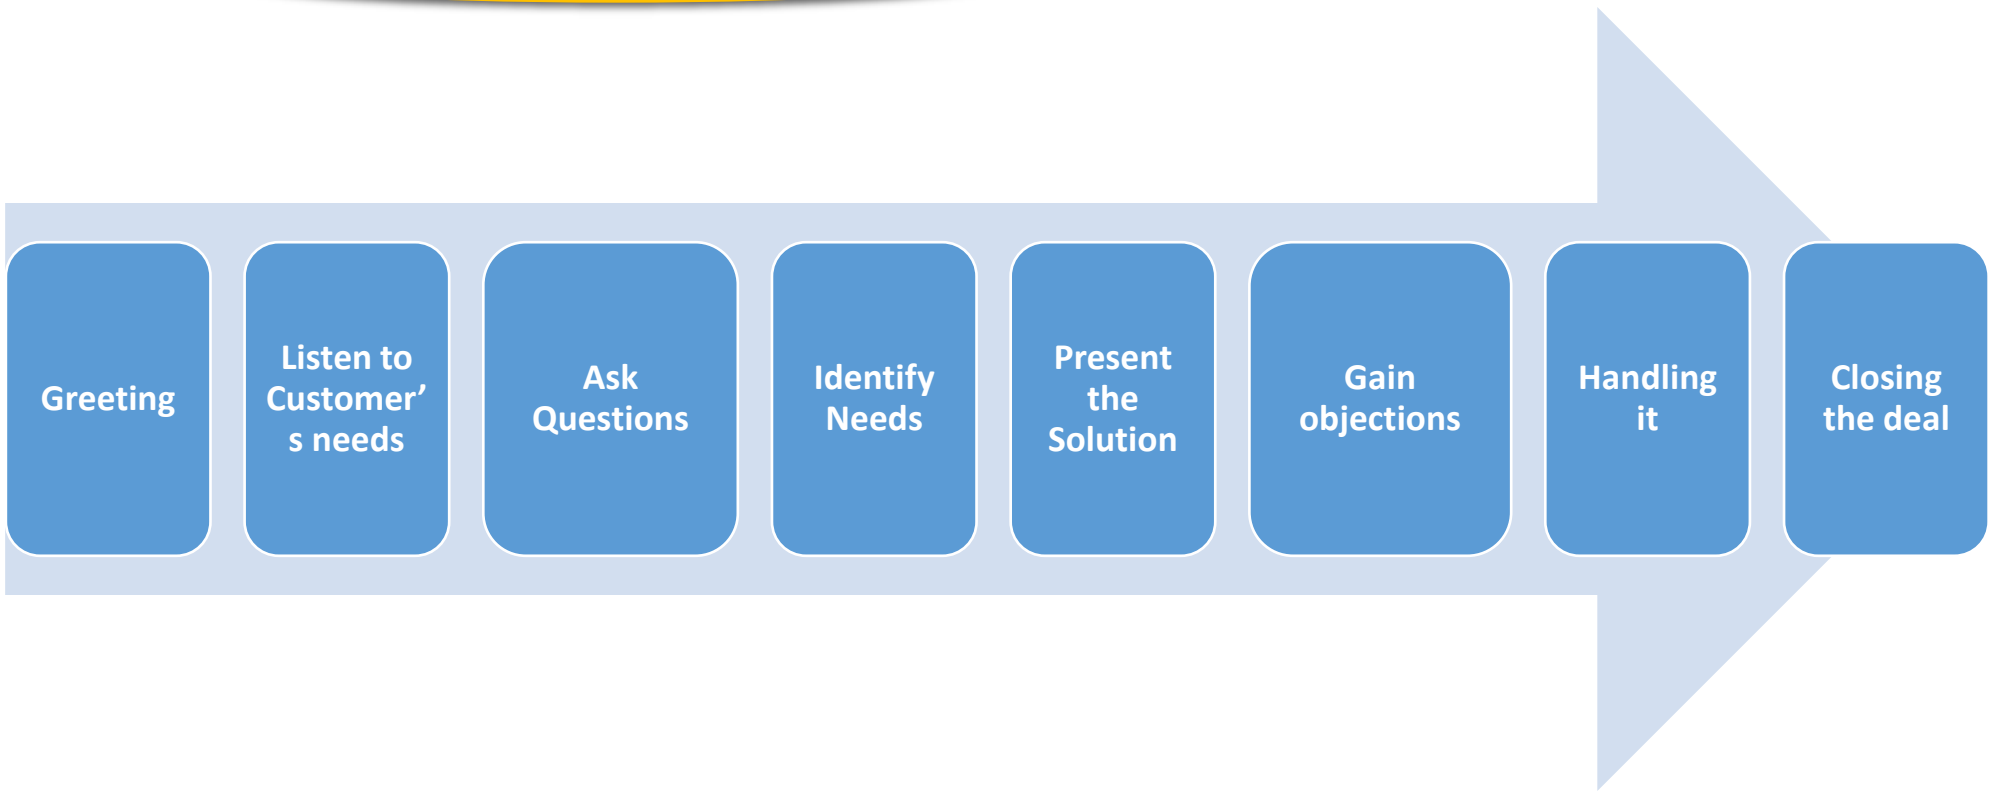

Describes How a product, or a product feature, can be used or can help the buyer.

B
Benefit

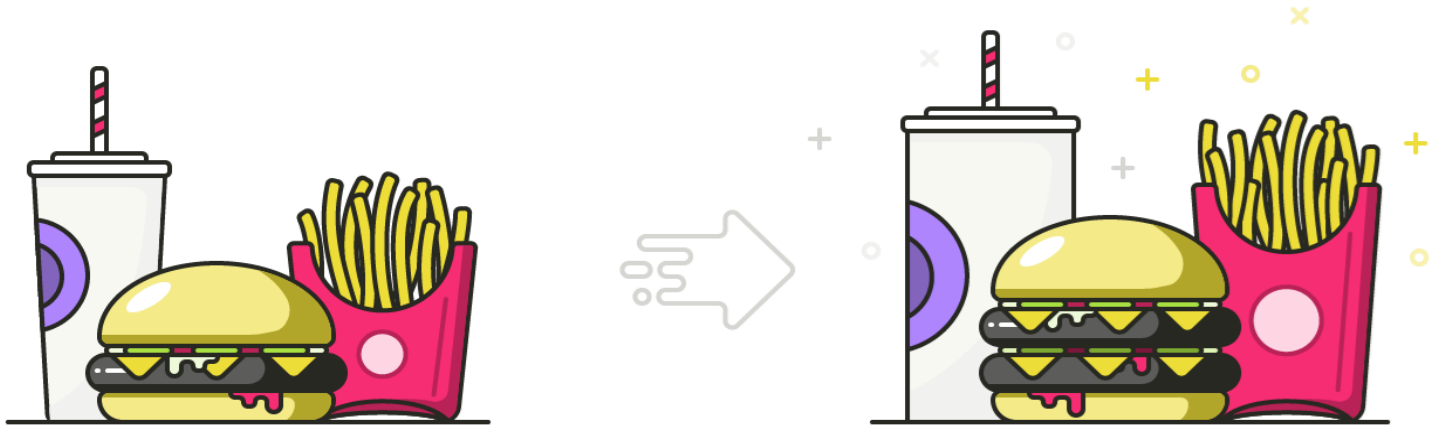

Describes how a feature and advantage of a product can meet a specific need the buyer might have for that product

SALES STRUCTURE

Upselling & Cross-selling

Upselling

"Would you like to Super Size that?"

Selling something that is more profitable or otherwise preferable for the seller instead of the original sale

Cross-selling
